~This Month's Learning & Activities~

This month we are learning about wild animals, their special features, and their habitats.

~Learning Targets~

Math: I can count with my friends.

Science: I can learn about where animals live.

Language Arts: I can name animals.

Writing: I can scribble on paper.

~Songs~

Walking in the Jungle

5 Little Monkeys

The Elephant

Fishes in the Deep Blue Sea!

~Stories~

Goodnight Gorilla by Peggy Rathmann

Dear Zoo! by Rod Campbell

Moving Day by Robert Kalan

Panda Bear, Panda Bear, What do you See? by Eric Carle

~Nursery Rhyme~

Hickory, Dickory, Dock

~Ideas for Busy Families~

While your child is taking a bath, talk about animals that live in and near the water. Explain that some swim and float.

Discuss animals such as ducks, frogs, and turtles.

~IMPORTANT DATES~

Aug 20 or Aug 21: (First day of school)

Sept 4: No school (Labor Day)

~Help Me Talk Tips~

#1 Not Anticipating Needs or Desires

Do not anticipate your child's every need or desire before he has a chance to make them known to you. If your child gets what he wants without communicating for it, he will not even bother to point, gesture, or possibly ask. For example, when eating breakfast, and everyone has a spoon except your child, he will have to communicate by pointing or saying that he wants a spoon, too.
